

Aslam - Verified Cross-Check: September Second Visits and Area-wise Coverage

Sources: **aslams_data.pdf** (Aslam's visit log, 22.06.2026 - 01.10.2026, 491 school entries) and **malappuram_school_data.pdf** (area-wise school list, 1,685 entries in 14 sections). Only the areas Aslam visited are included. Report prepared 03.10.2026.

How the data was checked

1. Every row of both PDFs was extracted and counted page by page against the raw PDF: all 491 school rows in Aslam's log and every row of the Malappuram list were captured (one extra row in Aslam's log on 08.09.2026 has a contact person and phone but no school name, so it is ignored).
2. The "Second Visit" column of Aslam's log was read word by word for all 10 pages. Exactly 5 rows say "September" and 4 rows say "After Onam vacation"; no row has an entry in the "Third call" column.
3. Each Aslam entry was compared with the Malappuram list by school name, school type (AMLPS, GMLPS, AUPS, GHSS, etc.) and locality, then each match was reviewed by hand. A second independent pass searched every "not covered" school for an Aslam entry at the same locality; 4 additional matches were found and added.
4. Matches are marked **Exact** (name/type and place agree) or **Probable** (very likely the same school but the name or place is written differently, e.g. "VVUO School, Chennara" = VVUPS Chennara). Probable matches are highlighted in yellow.
5. Areas: Aslam's places fall in Tirur, Tanur, Parappanangadi, Ponnani, Edappal, Kuttippuram and Malappuram (Kottakkal side). He has no visits in Manjeri, Kondotty, Nilambur, Areacode, Wandoor or Perinthalmanna, so those are excluded.
6. The list's second "KUTTIPURAM" section (pages 64-68) repeats its "MALAPPURAM" section (Kottakkal schools) almost exactly, so the two were merged; the first Kuttippuram section also repeats many rows. Duplicates were removed, leaving 708 unique schools in the 7 areas.
