

SCHOOL VISIT & COVERAGE REPORT

Executive Tour: Jayarajan (with Amal) | Kozhikode District, Kerala

Tour period covered: 13 August 2026 – 18 September 2026

Report generated: 21 September 2026

This report consolidates every school Jayarajan visited during the tour, cross-verified against the CBSE Kerala school directory and the ICSE Kerala school directory, and cross-checked against a separate areawise school dataset ('Deepika's Kozhikode data') to flag whether each school also appears there. Schools are grouped by the area (block/assembly) actually covered on tour. For each area the report shows schools already covered, schools scheduled for a second visit (with the month indicated by the school), and CBSE-directory schools identified for that area that are not yet on Jayarajan's visit log.

METHODOLOGY & DATA SOURCES

1. Visited-schools log – Jayarajan's own day-by-day tour sheet (13 Aug–18 Sep 2026, excluding the 22–30 Aug Onam break), listing school type, name, place, tour coordinator/HM, contact number, and (where noted) the month proposed for a second visit.

2. Area grouping – Every visited school was matched to its official block/assembly – Koduvally, Balusseri, Perambra, Thiruvambadi, Kuttiadi, Nadapuram and Quilandy – using the block/assembly names recorded in the Kozhikode government school-data directory, so that 'area' in this report reflects the same administrative grouping the government dataset uses, not just the free-text place name written on the tour sheet.

3. Pending (not-yet-visited) schools – cross-checked against the official CBSE Schools – Kozhikode District directory. Only the areas Jayarajan has actually covered are shown; CBSE schools in areas he has not toured (Kozhikode city, Beypore, Elathur, Kunnamangalam, Vatakara town, etc.) are outside the scope of this report. Government/Aided schools he has not yet visited are not separately enumerated here – that state census runs to well over a thousand entries district-wide and was outside the reliable place-matching scope of this pass; his own visit log already shows which Government/Aided schools were covered.

4. ICSE directory – Kozhikode district has only 4 ICSE-affiliated co-ed day schools on record (Kunnamangalam, Kozhikode city and Kundayithode) – none fall inside Jayarajan's covered areas, so none appear as pending.

5. Deepika's Kozhikode data column – a separate, independently sourced areawise school dataset ('deepika's_kozhikode_data.pdf', ~1,280 schools across all boards/managements) was matched school-by-school, using name and place, against every school in this report. The 'In Deepika's Data' column marks Yes/No accordingly; it is a cross-reference check only and does not affect the Covered/Pending classification, which is driven solely by Jayarajan's own visit log and the CBSE directory.

6. Duplicate visits – where the same school was called more than once, it is counted once as 'Covered'; if any attempt carries a second-visit month, that month is shown.
