Area-wise 2nd visits and pending first visits · cross-checked with State, CBSE, ICSE, Deepika and free-pass data · status as on 24 Sep 2026

Schools in the lists for Musthafa's 12 areas	Already covered (visited & found in lists)	Visited schools not in any list	Pending first visit	2nd visits planned	Overdue / due this week

- Musthafa visited **580 schools** (Manjeri, Ernad, Nilambur, Mankada, Wandoor, Perinthalmanna, Kondotty, Malappuram + a few in Tirur, Ponnani, Tavanur, Tanur and 40 in other localities). Areas = Assembly constituencies used in the State syllabus list.
- **343** of his visits match a school in the State / CBSE / ICSE / Deepika lists. The other **237** are mostly unaided English-medium, pre-primary and special schools that the lists do not carry – they are still shown under 'Already covered'.
- **581** schools are still waiting for a first visit in his 8 main areas, and **418** more in the 4 areas he only touched (Tirur, Ponnani, Tavanur, Tanur).
- 2nd-visit months were checked against the 1st-visit date: all 175 fall after the first visit. 3 August visits are overdue, 29 are due by 30 Sep, 1 hot lead (G H S S Vazhakkad – free pass, Interested) has no date yet.
- State list and Deepika's sheet are the same Government directory (1,547 names identical); Deepika has 11 extra rows (mostly MGLC centres). CBSE/ICSE schools are generally not in Deepika – only 4 are.
- Conversion probability is an estimate from the signals in these files (see the legend at the end). It ranks who to call first; it is not a forecast of bookings.

How this report was made

Topic	Detail
Files compared	Musthafa school outreach report (580 visited schools, 22 Jun – 18 Sep 2026); State syllabus Malappuram school data (1,569 schools with Assembly area); CBSE list – Malappuram section (129) and ICSE list – Malappuram (3); Deepika’s Malappuram sheet (1,579); Free-pass feedback sheet (84 filled rows).
Areas	Area = Assembly constituency from the State list. CBSE/ICSE schools were placed in an area from their address and PIN. Musthafa’s visited schools keep the area he wrote. Only the 12 areas he visited are used for pending lists; the 8 main areas are shown first, then the 4 he only touched.
Matching	A visited school is ‘covered’ when it matches a list school by phone number, or by school type code (GLPS, AUPS, GHSS ...) plus place name, or by its distinctive name in the same area. Spelling variants are allowed (Kodasheri / Kodasseri, Mambad / Mampad). Each list school is matched to at most one visited row.
Board / type	State – Govt / Aided / Unaided come from the State list; CBSE and ICSE from the board lists. Visited schools not in any list keep Musthafa’s type (Unaided, Special, etc.).
In Deepika	Yes when the school (or its matched list school) appears in Deepika’s sheet by name or phone.
2nd visit month	Taken from Musthafa’s log and checked against the 1st-visit date (all later). Status as on 24 Sep 2026: Aug = overdue, Sep = due this week, Oct-Jan = upcoming. ‘Call back’ = no 2nd-visit date and 60+ days since the first visit.
Conversion probability	Start: pending first visit 15 · visited, no date 30 (call-back 25) · 2nd visit fixed 45 (Sep due 50, Aug overdue 40) · hot lead 55. Add: CBSE/ICSE +10, Unaided +8, Aided +3, high-school classes +5, free pass Interested +35, Neutral +15, feedback awaited +10, tour period given +10. Free pass ‘Not interested’ sets 8. Capped 5–95. High ≥ 60 · Medium 35–59 · Low < 35 .
Checks to make	Mongam free pass: phone 9947166644 is Kidesland EMS in the tour log but the name is AMUP School Mongam. ‘Check – maybe visited as ...’ notes in the pending tables mark a list school that may be one of Musthafa’s unmatched rows under a different name. Phone numbers of State schools are the school’s listed number (often a landline without the leading 0).
