

School Visit & Coverage Report - Kozhikode

Executive: **Arshad** | Visits logged 13 Aug - 24 Sep 2026 | Report date 25 Sep 2026

359	232	127	105	47	88
schools in Arshad's areas	first visit done	first visit pending	2nd visit month fixed	very high / high probability	Deepika mobile numbers in area

This report compares Arshad's visit log with every other list supplied - Deepika's Kozhikode school list, the Kozhikode School Data (state-syllabus master list), the CBSE and ICSE school lists and the free-pass feedback sheet. It covers **only the areas Arshad works in**: Kozhikode South, Kozhikode North and Bepore constituencies in full, and the parts of Elathur and Kunnamangalam constituencies on his route. For each area it shows the total schools with contact numbers, first visits done and still pending, second visits by month, whether each school is in Deepika's list, the confirmation probability and the free-pass feedback.

Area summary

'Schools in area' = schools found in any of the lists (state-syllabus, Deepika, CBSE, ICSE) plus schools, anganwadis, colleges and tuition centres that appear only in Arshad's log. A school with several sections (LP / UP / HS / HSS) listed as one institution in the directories is counted once; Arshad's 264 visited units (308 contact rows) collapse to 232 schools. Elathur and Kunnamangalam constituencies have 77 and 58 more state-syllabus schools outside Arshad's route (Kakkodi, Chelannur, Nanminda, Mavoor, Kunnamangalam town, etc. - Basheer's rural beat); they are not counted as pending here.

How confirmation probability is decided

Level	Rule (from the call remarks, 2nd remarks and free-pass feedback)
Very high	School said 'almost confirmed', a visit/date is booked, or 'trip almost confirmed'.
High	Tour month given AND details shared on WhatsApp, or the school's free-pass feedback says Interested.
Medium	Tour month given, or 'will confirm after visit / meeting', 'discussing', details shared without a month.
Low	Only 'call not answered / busy / waiting / not confirmed / not decided' so far.
Awaiting follow-up	Visited (mostly on 24.09) but no follow-up call recorded yet.
Invalid number	Wrong / invalid number recorded - use the directory number shown in the pending/ Deepika sheets.
Not interested	School said not interested (or staff trip already done). The latest remark wins.

1. Second visits by month (all areas)

Month as written in Arshad's 'Second Visit' column (earliest month used where a school has two). September items are due now - today is 25 Sep 2026.

5. Is each visited school in Deepika's list?

145 of 232 visited schools are in Deepika's list. Those marked **No** are listed first in each area - mostly unaided English-medium, CBSE/ICSE schools, anganwadis, colleges and tuition centres, which Deepika's (state-syllabus) list does not cover.

Method and data notes

Sources: Arshad's visit sheet (13.08-24.09.2026, 308 contact rows, incl. 5 rows by Basheer in Palath/Payambra); Deepika's Kozhikode list (1,283 schools, block-wise + city list); Kozhikode School Data (1,277 schools, by assembly constituency); CBSE and ICSE Kerala school lists (Kozhikode part: 99 CBSE, 4 ICSE); free-pass feedback sheet (84 entries).

Matching: every school in Arshad's log was checked by hand against the directories (name + place, confirmed by phone number where both lists have one). Sections of one institution (LP/UP/HS/HSS) are matched to the single directory entry. A few matches are best judgement and should be checked on the next visit: 'Govt HS/HSS Pantheerankavu' = 'Pantheerankave H.S.' (listed as Aided), 'P.B.M. English Medium School Chaliyam' = 'Hajee P.B.M.K.U.P.S.', 'MIMLP School Puthiyapalam' = 'Muneerul Islam L.P.S.', 'NSS UP School Meenchanda' = 'N.S.S. U.P.S. Beypore', 'Govt UP School Paimbra' (Basheer) = 'G.H.S.S. Payambra'.

Areas: the area of a school is its assembly constituency in the Kozhikode School Data. Schools that are only in Arshad's log were given the area of their place. Deepika's list covers all 389 state-syllabus schools of these constituencies (every one matched), so 'In Deepika list = No' means the school is outside the state-syllabus list (private unaided, CBSE/ICSE, anganwadi, college, tuition centre) - not that it was missed.

Mobile vs landline: a mobile is a 10-digit number starting 6-9. Landlines in the lists are stored without the leading 0 (e.g. 4952414565 = 0495 2414565) and are shown in that form. Where the state-syllabus list and Deepika's list give different numbers for the same school, both are shown.

Second visit: taken from Arshad's 'Second Visit' column. It is blank for visits from 17.09 onward; those schools are listed under 'no 2nd-visit month fixed yet' with the tour time they gave.

Free-pass feedback: matched to Arshad's areas by phone number (4 of 5 match a contact in his log exactly; 'salman, AMLP School Arathilparamba' 9846438183 matches Arshad's 'Salman, A.M.L.P School Paramba' 9846431883 by name and place). J.D.T. Islam A.L.P.S. Merikkunnu is interested in a group visit (via Nidhin) but Arshad has not visited it yet.

Numbers to fix: 6 schools have a wrong/invalid number in the log (e.g. G.U.P.S. Panniyankara - directory number 0495 2320180; St. Joseph's Anglo-Indian Girls HSS - 0495 2366932 recorded as mobile).
