

SCHOOL VISIT & COVERAGE REPORT

Executive Tour: Noufal | Wayanad District, Kerala

Tour period covered: as recorded in the executive's day-by-day visit log

Report generated: 21 September 2026

This report consolidates every school Noufal's tour log records for Wayanad district, cross-verified against the official CBSE Kerala school directory, the Kerala State-Syllabus (Government/Aided) school census for Wayanad, and the ICSE Kerala school directory. Schools are grouped by the Wayanad assembly area (Mananthavady, Kalpetta, Sulthan Bathery) actually covered on tour. For each area the report shows schools already contacted, schools scheduled for a second visit (with the month the school itself proposed), and directory schools in that area not yet contacted for a first visit — separated by Government/Aided, CBSE and ICSE. A further column marks whether each school also appears in the independently supplied Deepika Wayanad school data.

METHODOLOGY & DATA SOURCES

1. Visited-schools log – The executive's own day-by-day tour sheet, listing school type, name, place, contact person, contact number, student strength, remarks on the direct call and (where noted) the month proposed for a second visit.

2. Area grouping – Every visited school was matched to its official Wayanad assembly area — Mananthavady, Kalpetta or Sulthan Bathery — using the assembly names recorded in the Kerala State-Syllabus School Data directory, so that 'area' in this report reflects the same administrative unit the government dataset uses, not just the free-text place name written on the tour sheet. Where the tour sheet left the place blank (chiefly Anganwadi entries), the area of the nearest preceding named entry was carried forward.

3. Second visit – Shown exactly as recorded against the school in the tour log's 'Second Visit' column, grouped by month and listed area-wise.

4. Pending first-visit schools – Cross-checked against the official CBSE Wayanad directory, the ICSE Wayanad directory and the Kerala State-Syllabus (Government/Aided/Unaided) census for Wayanad (306 schools). A directory school is treated as 'covered' when the tour log records a call to a school of the same level (LP/UP/HS/HSS) in the same place within the same assembly area; the match uses the place name and level, since the tour sheet and the official directory frequently spell the same village differently (e.g. Thariyod/Thariode, Valad/Valat). Only the three assembly areas the executive has actually toured are shown; unlike a single-block tour, Wayanad's entire district falls within these three areas, so every directory school in the district is in scope, but many remain pending because the tour is still in progress, particularly in Sulthan Bathery.

5. Govt / CBSE / ICSE column – Every school in this report is labelled by its board/type — Government, Aided, Private/Unaided, CBSE or ICSE — drawn from the source directory or, for covered schools, from the tour log's own 'School Type' field.

6. Present in Deepika's data – A separate column marks whether the school also appears in the independently supplied 'Deepika Wayanad School Data' file, matched by school name (allowing for spelling and acronym variants). This file is itself a Government/Aided school census, so it naturally covers Government/Aided schools far more often than CBSE/ICSE schools.

7. Duplicate visits – Where the same school was called more than once, it is counted once as 'Covered'; if any attempt carries a second-visit month, that month is shown.

FINAL SUMMARY – AREA-WISE COVERAGE

Area	Directory Schools (Govt/Aided)	Covered (Govt/Aided)	Contacted (all types)	Second Visit	Pending First Visit (Govt)	Pending First Visit (CBSE)	Pending First Visit (ICSE)
Mananthavady	109	74	203	55	35	6	1
Kalpetta	94	35	91	28	59	3	-
Sulthanbathery	103	9	26	11	94	3	3
GRAND TOTAL	306	118	320	94	188	12	4

Across the 3 assembly areas of Wayanad district, the tour log records contact with **320 schools and centres** (including Anganwadis and colleges), of which **94 carry an explicit second-visit month**. Against the official Government/Aided/Unaided census of 306 schools, 118 have been contacted and 188 remain pending; a further 12 CBSE-directory schools and 4 ICSE-directory schools in these areas have not yet been contacted.

AREA: MANANTHAVADY

Directory schools (Govt/Aided/Unaided): 109 | Covered: 74 | Total contacted (all types incl. Anganwadi/college): 203 | Second visit scheduled: 55
