- Basheer logged 571 visit entries. 363 of them are pre-primary schools, anganwadis or colleges that are not in any school list, so they don't count toward the 751 listed schools.
- Covered means Basheer visited the school or gave it a free pass. Of the 166 covered schools, 150 were visited and 16 got a free pass only.
- Only 10-digit numbers starting with 6, 7, 8 or 9 count as mobile numbers. Numbers starting with 0495 or 0496 are school landlines.
- Deepika's list has 1,282 schools, and 684 of them fall in Basheer's areas. 184 of Basheer's entries match a school in her list.
- Free passes: the sheet lists 34 free passes in Basheer's areas plus 1 by Basheer whose area was not identified (35 in total). 28 were issued by Basheer. The other 7 were by Deepika, Nidhin, Voxbay, by email, or have no executive written.
- Second visits: 220 entries have a month written, but 5 of them said "Not interested", so 215 are counted.
- Kozhikode North and Kozhikode South were only partly toured, so most of their schools are still pending.
