

Basheer - Kozhikode School Visit Report

Sheet-wise view | Visits 23.06.2026 - 23.09.2026 | Prepared 25 September 2026

Basheer's visit log (571 entries) was checked against Deepika's Kozhikode list (1282 schools), the Kozhikode School Data (assembly-wise, 1,277 schools), the CBSE/ICSE list (Kozhikode part) and the Free Pass feedback sheet. 208 of Basheer's entries were matched to a listed school (by the same phone number, or by school name + place); 184 of them are in Deepika's list. The remaining entries are mostly pre-primary schools and anganwadis, which are not in any of the school lists. Main areas are Kerala assembly constituencies, taken from the Kozhikode School Data.

"Total schools listed" = all schools of that assembly area in the Kozhikode School Data, Deepika list and CBSE/ICSE list (duplicates removed). "Pending 1st visit" = listed schools with no visit by Basheer and no free pass from him. Kozhikode North / South were only partly toured, so most of their schools are still pending.

Second visit plan - number of schools per month

How to read

• Confirmation probability: **Very High** - tour confirmed by the school. **High** - visited the park on a free pass and said interested, or used the free pass. **Medium** - school gave a tour month or asked for details / will confirm. **Low** - call not answered, busy, waiting, or wrong / invalid number. Not assessed yet - visited recently, no follow-up call noted. **Not**

interested – said no, or tour fixed elsewhere.

- 2nd visit = month written in Basheer's "Second Visit" column. September is due now (report date 25 Sep 2026). "Month not fixed" = still needs a call-back.
- In Deepika's list? shows Deepika's serial number and school name when the school was found there.
- Mark = the colour Deepika gave the row (■ Green / Yellow / Red). The sheet has no legend, so the colour is shown as it is.
- Place * = place left blank in Basheer's sheet, filled from the previous school visited the same day.
- Phone numbers starting 0495/0496 are landlines (school office). Only 10-digit numbers starting 6-9 are counted as mobiles.
