4. Contact-number check

7 schools do not have an accurate contact number (5 missing, 2 incomplete – landline written without its STD code). A further 8 schools share one number with another school (usually LP/UP/HS sections of the same management) – please confirm the right person. 100 of the 202 pending schools have only an office landline from the government list, so a principal's mobile number should be collected on the first visit.

6. How this report was made

- **Musthafa's visits:** 580 visited schools in 241 localities, with first-visit date, contact person, phone and next step, taken from Musthafa's outreach report (tour 22 Jun – 18 Sep 2026).
- **School data compared:** State-syllabus list (1567 schools), Deepika's Malappuram sheet (1579 schools – 1564 of them are the same schools as the State list), CBSE Malappuram directory (129 schools) and ICSE Malappuram list (3 schools); 1719 unique schools in total.
- **Only Musthafa's areas:** a school from the data is included only when its name (or, for CBSE/ICSE, its address) contains one of the localities Musthafa visited, allowing for spelling variants (Areacode/Areekode, Kizhisseri/Kizhisher, Mambad/Mampad). A State-list school must also belong to the same assembly constituency as the schools Musthafa visited in that locality, so same-named villages elsewhere are left out.
- **Visited or pending:** a data school counts as visited when it matches a tour entry by Deepika name, phone number, or school code / name in the same locality (e.g. "National L P School" = "N L P S Kolathur"). 319 of the 580 visited schools were matched this way; the rest are not in any list. All other data schools in those localities are shown as **pending first visit**. Where a pending school looks similar to an unmatched visited school, it carries a "Check" note.
- **Second-visit month:** taken from the tour log ("2nd visit: Oct 2026", "Visit before 30 Sep" = Sep 2026, "Overdue" = Aug 2026) and checked against the first-visit date and today's date.
- **Free-pass feedback:** each row of the feedback sheet was matched to a visited or pending school by name and locality, then by phone number. The sheet's spelling "Nuetral/Intrested" is shown as Neutral/Interested.
- **Accurate phone:** a 10-digit mobile number (starting 6–9) or a Malappuram landline with STD code (0483, 0494, 04931, 04933...). Missing numbers and landlines without STD code are counted as not accurate.
- **Known limits:** some contact-person names are cut off in the original tour sheet and are shown as-is. The State list has no street address, so the address shown is locality, block and constituency.
