Reading This Summary

Each row is one visited locality. **Visited (1st Visit)** counts every school Athul or Arun has already called on. **Second Visit Due** is the subset of those with a specific follow-up month noted in their own remarks — a smaller number, since many visited schools have no confirmed follow-up yet. **Pending First Visit** counts other schools in the same locality (from the official Government/Aided/Unaided, CBSE and ICSE district lists) not yet visited at all. **Total Schools** is Visited + Pending. Rows are grouped by taluk / assembly constituency; full per-school detail (names, contacts, phone numbers) is in the companion detailed report.
