5. How this was checked

• Same school = same phone number, or same school name + place after removing spelling differences (e.g. "G L P School, Pathanapuram" = "G.L.P.S. Pathanapuram"; Nilamboor = Nilambur; Areakod = Areekode).
• 2nd visit: Yes when Musthafa visited the same school again (same phone on a later date, or marked "Second visit"); the repeat-visit date is shown. Follow-up / tour month comes from the "Follow-up", "second visit" and "Tour Time Month" columns of his sheet.
• Free pass: "Used" = school appears in the Free Pass data with a park-visit date. "Given, not used yet" = his remarks say a free pass was given but no park visit is recorded.
• Total schools in an area counts only schools whose name or address contains that place name in Deepika's data or the Malappuram school list, so the real number of schools may be higher.
• Rows with a blank Place column are grouped under "Place not mentioned".
• Names are written very differently across lists (abbreviations, short names), so a few real matches may show as "No"; please confirm important ones by phone number.
