

Basheer's areas: September second visits and schools not yet covered

Prepared 04 Oct 2026 from three files: **Kozhikode School Data** (area-wise master list), **Basheer Data** and **Arshad & Jayarajan Data**.

How this was checked

- Each school in the Kozhikode area-wise list was compared, by name and location, with every entry in Basheer's sheet. Then each school Basheer has not covered was compared with Arshad's and Jayarajan's sheets.
- **Basheer's areas:** Basheer has visits in 8 of the 10 areas in the Kozhikode list: Balussery, Koduvally, Chelannur, Mavoor, Kozhikode URC South, Kozhikode, Kozhikode URC and Kunnamangalam. He has no visits in Vadakara or Perambra, so those two areas are left out.
- **September second visit** means the 'Second Visit' column in Basheer's sheet reads September, including 'Sep' and 'Sep Last'.
- Basheer's sheet often uses general names such as 'L P School' plus a place name. Where a match depends on that kind of entry, the Note column says 'probable match'. Pre-primary or anganwadi entries were not counted as covering the main school.
- A school marked 'Not visited' did not appear in Basheer's, Arshad's or Jayarajan's sheet.
