Palakkad District - Area-wise School Visit & Conversion Report

Executive: **Arun** | Visit log period: **22 June 2026 - 16 October 2026** | Prepared for executive review: 26 October 2026

Every school in Arun's visit sheet has been checked against the Palakkad school master list (1,200 schools, 12 sub-district areas), the Free Stay Pass feedback sheet and the Confirmed Booking sheet. Only the areas Arun has actually worked are covered. "Total schools" = schools in the master list for that area, plus schools Arun visited that are not in the master list (mostly CBSE/private schools).

Key points: 450 school contacts logged in Palakkad district across 9 areas, 331 of 974 master-list schools covered in those areas (34%). 30 schools have already had a second visit and 49 more have a second-visit month noted. 11 of Arun's schools used the free stay pass, and Holy Family School, Ponnamkode (Arun lead, free pass on 13/09) converted to a confirmed booking on 13/10/2026. Mujahideen HSS, Parali was also booked with Arun as the source. 22 more contacts were in Thrissur district (Mayannur, Thiruvilwamala, Panjal, Kunnamkulam etc.); they are listed in the appendix and left out of the area totals.

How this report was prepared

1. Sources. (a) Arun's day-wise visit sheet, 22/06 to 16/10/2026: school, place, contact, phone, strength and call remarks. (b) Palakkad school master list, split into 12 areas (Agali, Alathur, Cherpulassery, Chittur, Kuzhalmannam, Mannarkkad, Ottapalam, Palakkad, Parli, Pattambi, Shoranur, Thrithala). (c) Free Stay Pass data: lead tracker and the detailed feedback sheet. (d) Confirmed Booking data, August-November 2026.

2. Area check. Each visited school was matched to the master list by school type (ALPS, AUPS, GHSS ...) and place name, allowing for spelling differences (e.g. Pothi = POTHY, Ellumbulassery = ELAMBULASSERY). A matched school takes its area from the master list. An unmatched school takes its area from its place name or, when the place is blank, from the other schools Arun visited the same day.

3. Visited / not visited. "Visited" counts a school once, however many times it was visited. "Not yet visited" is the master-list schools in that area that have no matching entry in Arun's sheet.

4. Second visits. *Done* = the school appears again on a later date, or the entry is marked "Second Visit". *Planned* = the second-visit month written in Arun's sheet (usually one month before the tour). This month is checked against the visit log. Planned Sep/Aug with no second visit = **Overdue**. Planned Oct with none yet = **Due now**. Nov onwards = **Upcoming**.

5. Free pass and bookings. Linked to Arun's schools by phone number first, then by school name. Bookings are shown only for the areas Arun visited. Palakkad bookings outside those areas, or with no clear area, are listed in the appendix.

Booking probability - how it is scored

Band	Score	What it means / how it is reached
Confirmed	100%	Booking taken and advance paid (Confirmed Booking sheet).
Very High	70-90%	Interested with a tour month AND free pass used with positive feedback, or a second visit done.
High	55-69%	Interested with a tour month plus one supporting signal: free pass visit, a done or confirmed second visit, a scheduled free pass, or "60% confirm".
Medium	35-54%	Latest call says interested and names a tour month (e.g. "Dec tour planning"), with no visit or free pass yet.
Low	20-34%	Not reached on the latest call (not answering / busy / switched off / wrong number) or "not sure". Scores 30% if the school had earlier said it was interested.
Not Likely	5%	Not interested, chose another destination, distance or rate problem, or "next year". Also given when the free-pass visitor was not interested.

Scores are worked out from the remarks Arun recorded. They help decide which schools to follow up first; they are not a forecast. Re-check the latest call before taking action.
