"Schools in area" = schools Musthafa visited + schools in the Malappuram school list or Deepika's data located in the same localities that are not in his log. Only areas and localities Musthafa actually visited are included.

How the check was done

• Every row of Musthafa's log was compared with the other four files by phone number, by school name (including short forms such as GLPS, AMLPS, CKHS, SVLPS, MCUPS) and by place, allowing spelling variants of places.
• Repeat visits to the same school are counted once; the later dates are shown as "Re-visited".
• 2nd visit (month) is the month in Musthafa's second-visit column; follow-up dates and remarks from that column are shown with it.
• Free pass: Used = school appears in the free-pass visit data/tracker or the log says it was used; Booked = a free-pass visit date is booked; Given = pass given/shared but no record of use.
• Confirmed booking = school appears in the confirmed booking data (or is marked Confirmed in the free-pass tracker).
• 28 links were confirmed by hand where files name the same school differently or the phone has a one-digit typo, e.g. MCUPS Vadapuram = Mar Clemis UP School; Yatheemkhana schools Wandoor = Wandoor Orphanage schools.
• Areas are the education sub-districts used in the Malappuram school list (Mankada uses Deepika's Mankada block).
