

KANNUR DISTRICT

Area-wise School Visit Status Report

Second-Visit Schedule & Pending First-Visit Schools
(Restricted strictly to the areas already covered by the Kannur Executives)

Areas Covered by Executives	43
Schools Already Contacted (Second Visit Due)	124
Schools Pending First Visit (same areas)	146
Other Institutions Contacted (Colleges/University)	14

How to read this report

Section A — Second Visit Due: Schools the Kannur executives have already contacted / made a first visit to. The tour / visit month shown is picked up and verified from the executive's own follow-up remarks recorded in the field log.

Section B — Pending First Visit: Schools located in the very same areas the executives have already covered, but which do not yet appear anywhere in the executive visit log — i.e. they are still awaiting a first visit / first call.

Every school is also tagged **Govt / CBSE / ICSE** (State Syllabus schools are further marked Govt, Govt-Aided or Unaided) and cross-checked against **Deepika's Kannur data sheet** (Yes / No column) to show whether that school already exists in Deepika's records.

Note: Source data — the executive field log, the State Syllabus (Govt/Aided/Unaided) school list, the CBSE Kerala school list, the ICSE Kerala school list and Deepika's Kannur data — were compiled from differently formatted sheets. School names have been cross-matched as closely as possible; a small number of entries across sources may refer to the same physical school under a slightly different name (e.g. an abbreviation) and should be verified on the ground before the pending call/visit is made.
